

AWARDING OF THE PREMIUMS

At The Poultry Show Is Completed. The Winners Are Announced.

SILVER CUPS TO BE GIVEN Special Prizes Saturday.—Chickens Two Days Old Are Exhibited.

The attendance at the poultry show today was not as good as it was yesterday but it is expected that the largest crowds of the week will visit the hall this evening and tomorrow. The premiums in the different classes have been awarded and the ribbons are up and this adds to the interest of the show. The silver cups, the special prizes, will be awarded this evening.

Among the exhibits at the show are three fox terriers belonging to Charles Murray and two fox pelts, the property of Dr. Prall.

One of the coops in front of which visitors at the show stand longest contains a hen and sixteen little chickens two days old. They are Buff Rocks and the property of James Marshall.

HAMILTON GIRL WAS A WITNESS

In The Mitchell Trial at Bedford. Case Progressing Rapidly.

WIFE SITS BY HUSBAND'S SIDE Defendant Attracted Much Attention When Brought Into Court Handcuffed.

The trial at Bedford of Charles Mitchell of Seymour for the murder of James Mitchell is progressing rapidly. The following account of the proceedings from the Bedford Mail will interest Seymour people who know the persons involved in the case:

The most interesting witness of the day at the trial of Charles Mitchell in the Lawrence circuit court, was Della Hamilton, the fifteen year old girl, who was with James Mitchell just before the alleged murder.

She said that she had known Charles Mitchell for three months. Met him in Seymour. With him three weeks before the murder.

Told of camping east of city. Got acquainted with Younger while camping up on hill. Became acquainted with "Jim" Mitchell at the camp across the stream. Saw him at camp on night of murder. Mitchell and Younger came to camp. Left camp with Younger. Sutton woman with Mitchell. Stayed near dairy farm for about an hour.

When she and the other returned from up the road Charles Mitchell was hitching his horse across road from camp. Came back with Jim Mitchell. She and Mitchell went on up the road past the camp and Ollie Younger and Lula Sutton went to cave.

Crossed bridge and went to where Mitchell was killed. Fultz was in bed. Lula Sutton and Ollie Younger came to her at bridge. Witness said that she did not go over and talk to Charles Mitchell as they passed the camp.

Saw open buggy pass and saw Charles Mitchell and Joe Fultz pass by the road. Mitchell threw gun in Jim Mitchell's face. Witness said "Wait, Mitch, let me talk to you."

Charles Mitchell made Jim Mitchell give him \$5 from pocketbook. Saw money in pocketbook. Charles Mitchell told witness to go to camp. Told Charles Mitchell twice not to hurt Jim Mitchell. Saw Joe Fultz going up as she left. Said Mitchell tried to make them think he was a policeman. That she told him she knew him. At foot of hill she heard sound like foot of horse hitting tree.

Lula Sutton at camp when she returned. Joseph Fultz came first, Charlie Mitchell next returned. He said he was going to put on coat and go up town. He gave Oliver Younger two \$5 bills not to tell.

Mitchell and Fultz hid money in hollow beech tree. Mitchell took \$1 up town, money belonged to witness. Went through fields to town. Said as he had been to town that evening, people would think he had not been to camp.

Charles Mitchell told witness to tell officer that she had not seen James

Mitchell that night. Charles Mitchell came back to camp at 11 o'clock.

The Hamilton girl when asked about the actions of the campers following the murder, broke down and a ten minute recess was called to give the witness a chance to regain her composure.

The completing of the jury at 9:20 o'clock this morning was a general surprise to the public following the slow progress made yesterday.

The opening statement was made by John H. Underwood and occupied about 45 minutes.

The first witness called was Jesse McKnight who told of taking James L. Mitchell and Oliver Younger to the forks of the road. He told of picking both of the men up on East 16th street at about 6:10 p. m. on the evening of the murder and placed the time of arrival at the forks of the road at 6:25 o'clock. Witness stated that the men had a quart of whiskey and that both were intoxicated.

Mitchell was the drunker of the two and each of the men talked of visiting the camp. They also spoke of having previously visited the women at the camp and talked about Della Hamilton, the 15 year old girl at the camp.

Henry B. Martin, Cashier of the Stone City Bank, told of James L. Mitchell appearing at the bank at 9 o'clock on the morning of the murder and cashing a check for \$88.

Thomas Cobb told of passing the spot and of seeing two men by the side of the road. Positive that one of the men had a peg leg. Spoke to crippled man and he returned the salutation. Did not see any other person near the spot.

Mrs. Sarah A. Cobb told of leaving home, 3 miles east of Bedford about 8 o'clock on the night of November 4 and arriving at Bedford about 9 o'clock. Told of passing two men on the road. Men were walking west. Thought man in front was carrying what she thought was a gun at his side. Passed ten to 20 feet east of point where James L. Mitchell's body was found.

On cross examination she said both men were on south side of road. Crippled man walked in rear and other man carried the club.

Mrs. Charles Mitchell, who until the opening of the afternoon session, had been seated amongst the spectators, came within the enclosed space and took a seat beside her husband. She is accompanied by her brother, George Fink, of Terre Haute. Mrs. Mitchell held very little conversation with her husband, who appeared very cool and composed throughout the day.

When Mitchell was brought into the room handcuffed at the afternoon session, there was a general stir in the audience in an endeavor to catch a glimpse of the accused man.

Mrs. Catherine Cook, mother of Joseph Fultz, was in the court room this morning. She was unable to find a seat and was compelled to stand at the railing just back of where the prisoner was seated.

AVENUE WILL BE IMPROVED

Pennsylvania Company Official's Letter Gave Assurances Demanded By The Council.

ROAD IS TO PAY HALF OF COST Of The Work.—Ewing Shields, Contractor Signed Agreement Council Asked For.

Jeffersonville Avenue is to be improved, the contract for the work having been let by the city council Thursday evening after proper assurances had been received from the Pennsylvania Railroad Company that it would pay for its half of the improvement cost and the contractor, Ewing Shields, had signed an agreement to look to the railroad company for that proportion of the cost of the work.

First the letter, received last week by Chairman Davison of the board of works from the division engineer of the company, giving assurance that the company would pay its part of cost and which letter was not read at last week's meeting on account of having been misplaced, was read.

A letter from Superintendent F. J. Kron of this division of the Pennsylvania to Mayor Swope was then read. The official stated that the letter to Mr. Davison had been written at his direction and continuing said, "For your information would advise that it is the purpose and intention of the company to bear its proper proportion of the expense of making the street improvement on Jeffersonville Avenue as outlined in the ordinance passed by your council some time ago. This portion we estimate to be one-half the cost of the improvement, with the possible exception of the cost of the intersections, which I understand is usually borne by the city. Our reason for not entering into a written contract with the city in connection with this matter is that our solicitor advises that no such contract is necessary, and it would require considerable time to have such a contract executed on the part of our company. You can assure the council that we have no intention whatever of attempting to avoid our portion of the expense of the proposed improvement and we will arrange to take care of it as soon as the work has been done and the necessary bills presented."

This letter was sufficient to satisfy Mr. Shields in connection with assurances he had received from the company and he signed the agreement asked for by the city. In this agreement he promised not to hold the property owners or city liable for more than one-half of the cost, which cost shall equal aggregate cost to lot owners.

This settlement of a question which promised to indefinitely delay and possibly prevent the improvement was reached at a special session held for the purpose of considering the matter. The improvement will be of macadam and as the contractor's construction bond was accepted, it is supposed that the work will begin as soon as the weather permits.

Heart to Heart

Talks.

By EDWIN A. NYE.

MOTHER'S WAGES.

What about mother's wages?

Father gets his wages, the boys get

theirs, and the girls get theirs. No-

body pays mother's wages.

Father does not pay mother's wages,

because he says it takes all of his to

pay the bills and make both ends

meet.

The boys say they must have good

clothes and some spending money and

they cannot pay mother.

And the girls complain that their

small earnings must go for gowns and

hats and ribbons.

Mother merely does the family work

without pay.

Mother gets up early to get break-

fast for father and the boys and hur-

ries them off to their work. She gets

the girls a dainty bite and then warns

up the scraps for the little ones who

go to school.

Mother eats between times.

It is mother who all day long sweeps

and scrubs and dusts and sews and

cooks and hustles in the meantime to

get two more meals.

After supper father sits down to his

pipe and evening paper or goes down

town to talk politics. The boys dress

and go out. The girls have company.

But mother washes the dishes and

gets things ready for breakfast, and

then sits down to mend and darn

socks until bedtime.

Eight hours?

Mother works eighteen.

And the next day and the next and

the next, so long as she is able to be

out of bed, mother keeps up this

exact routine, while the others get

all the playtime.

Suppose the family were to employ a

housekeeper for this work. She would

demand mighty good pay for these two

shifts in one. And perhaps she would

throw out the back kitchen door as

much as her wages.

But mother pinches and scrapes and

saves.

Is it fair?

Mother should have her wages. Let

father give her most of his. She will

make a dollar go farther than he.

Let the boys save a little and pay

mother something for their keep, and

let the girls buy less chocolates and

pay their mother something.

Try giving her a regular allowance,

even if it be small, and watch her

face brighten until she looks almost

as young as her girls. She will not

spend it on herself. Trust mother for

that.

Pay mother her wages.

Chinese Rulers Not Yet Ready to

THE NATIONAL CONVENTION

Edict Says Will Be Proper Medium for
Determining Fate of China and the
Outcome of That Body's Delibera-
tions Will Be Awaited Before Any
Action Is Taken Looking to Abdic-
ation of the Child Ruler.

Peking, Jan. 26.—For the present
the throne has decided not to abandon
the throne. An edict just issued an-
nounces that the final decision on this
matter will await the result of the na-
tional convention which is to decide
upon the future form of government
for China. The edict deprecates any
attempt by others to settle the trou-
bles. It says the aims and desires of
the throne are only for a peaceable
settlement of the whole matter.

Premier Yuan Shih Kai is still ne-
gotiating with Dr. Wu Ting Fang as to
the manner of choosing delegates to
the national convention. He has sug-
gested that they be chosen by a sys-
tem similar to that in America of
choosing delegates to the political na-
tional conventions. It is hoped that
the armistice will be prolonged after
Jan. 28. Both sides, however, are pre-
paring for a renewal of the war. A
report has reached here from Mukden,
in Manchuria, that General Chang
Yeng, the revolutionary leader, and
other prominent rebels, have been
murdered at that place.

The dowager empress has conferred
the title of marquis on Premier Yuan
Shih Kai in recognition of his loyalty
to the throne. This rank of nobility is
very rare in China. The only present
holders of the title are a descendant
of Confucius and the descendants of
the three great men who suppressed
the Taiping rebellion.

WILL REJECT IT

Mine Operators Say They Will Not
Agree to New Scale.

Indianapolis, Jan. 26.—Representing
Indiana, Ohio, Illinois and western
Pennsylvania, the soft coal operators
have appointed members of the con-
ference committee to meet with the
miners' scale committee, there being
eight operators and eight miners se-
lected to represent each of the states.
The demands of the miners, as formu-
lated Wednesday, were presented in-
formally, but there was no argument
on them. Before meeting with the
miners' committee the operators held
a caucus and discussed the scale which
was to be presented to them. They
were unanimous in the sentiment that
the demands would be rejected if pre-
sented as a whole, as the adoption of
the new scale would place a heavy
burden of cost upon the operators and
the wages are now as high as could be
paid without increasing the cost of
coal at the mines, and this cannot be
done.

Ohio Operators Oppose It.

Cleveland, O., Jan. 26.—That the
coal operators will not agree to the
advance demanded by the miners' con-
vention at Indianapolis is the opinion
of operators seen here. It was in-
timated that if the miners insist upon
the increase there would be a strike
in the coal fields of Ohio, Pennsylvania,
Illinois and Indiana and users of
bituminous coal would be advised to
stock up in anticipation of a struggle
between the operators and miners.

Jim Hill to Take a Rest.

St. Paul, Jan. 26.—According to ru-
mors prevalent in railroad circles,
James J. Hill will soon retire from the
chairmanship of the Great Northern
and will be succeeded by his son, Louis
W. Hill, president of the road. J. J.
Hill's advanced age and the fact that
nearly all the great projects which he
had undertaken have been carried out,
or are in such a state as to render
their completion certain, are given as
reasons for his retirement.

President Returned the Call.

Washington, Jan. 26.—The Duke of
Connaught yesterday afternoon spent
a little more than half an hour in the
White House and then the president
returned his call. Last night the duke
was entertained by the Right Hon.
James Bryce, the British ambassador,
at a dinner and brilliant reception, to

S.S.S. DRIVES OUT RHEUMATISM

Rheumatism is in reality an internal inflammation—a diseased condition of the blood cells which supply the nourishment and strength necessary to sustain our bodies. Uric acid, an irritating, inflammatory accumulation, gets into the circulation because of physical irregularities, and then instead of nourishing and invigorating the body, the blood irritates and inflames the different nerves, tissues, muscles and joints, because of its impure, acrid condition. The pains and aches and other disagreeable and dangerous symptoms of Rheumatism can never be permanently cured until every particle of the cause is driven from the blood. S. S. S. does this because it is a perfect blood purifier. It goes down to the very bottom of the trouble, purifies and cleanses the circulation, invigorates the blood, and completely drives Rheumatism from the system. Plasters, liniments, soothing lotions, etc., may be used for the temporary relief and comfort they bring, but a cure cannot be effected until S. S. S. has removed the cause. It frees the blood of every impurity and makes it a rich, health sustaining fluid, to bring permanent relief and comfort to those who suffer with Rheumatism. Book on Rheumatism and any medical advice free to all who write.

RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage, a Simple Remedy for Dandruff, Falling, Faded, Gray Hair.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy, and gradually restored the natural color.

One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days, on account of souring quickly. This objection has been overcome, and by asking almost any first-class druggist for Wyeth's Sage and Sulphur Hair Remedy the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair, but will also stop the hair from falling out and make it grow.

Get a bottle from your druggist to-day. Use it and see for yourself how quickly dandruff goes and gray hairs vanish. This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agents, Andrews Drug Co.

COMMITTEE GOT THOSE VOUCHERS

Mr. Knox Tells Them They Were Right About It.

COUNSELED WITH PRESIDENT

Upon Advice of Mr. Taft the Secretary of State Turns Over to Congressional Committee the Details of Expenditure of \$20,000 by His Department on Account of the Lake Champlain International Celebration.

Washington, Jan. 26.—Among the members of the house committee on expenditures in the state department there is joy. Mr. Hamlin is particularly happy, for as he expressed it, "Knox came up and backed water with both feet."

The latest assault on the state department by the committee was based on the fact that the expenditure by the department of the \$20,000 Lake Champlain celebration fund had been covered by a "secret voucher" signed by Mr. Knox. The secretary of state, when before the committee last Monday, refused to produce the vouchers and denied the right of the committee to dig into the matter, but when he went away he thought things over and wrote a letter to President Taft suggesting that the latter direct him to produce the vouchers. This the president did, and Mr. Knox appeared before the committee and gracefully presented the papers to the committee, remarking at the same time that the committee had been right all along and that he had been wrong and that an order he had just issued would prevent the blanketing by secret vouchers of expenditures, the details of which should properly be public property. Mr. Hamlin and other committee men after Mr. Knox left, made a casual inspection of the Lake Champlain vouchers, which they had called for on general principles without having the least knowledge as to their character.

Inspection of the vouchers show that it cost \$2,191 to carry the French ambassador and his suite from Washington to Lake Champlain and back, while the same function was performed for the British ambassador's suite at an expenditure of \$898. Of the \$20,000 in the Lake Champlain fund—every cent of which was expended—\$5,395 went for the entertainment of guests at the Hotel Champlain; \$3,748 for a stag banquet at that hostelry, and \$243.50 for a banquet to "the ladies." Automobiles cost \$773; Indian pageants, \$2,750, and lilies of the valley for the wife of the Canadian postmaster general cost \$250. After the newspaper men had finished looking over the wine, automobile, cigar, lily of the valley and other things, Chairman Hamlin gathered them up and put them in an inside pocket. "I'm going to look them over," he remarked with a grin. "They make interesting reading."

DEADLY EARTHQUAKE

Thirty Killed When One of the Ionian Isles Was Shaken.

Athens, Jan. 26.—An earthquake destroyed five villages on the island of Zante, one of the Ionian group. Thirty persons were killed and thousands were rendered homeless. The earthquake caused great damage throughout the island, especially in the town of Zante, where the custom house, the law courts and churches were practically demolished. There were slighter shocks on the other islands of this group.

Greek warships have been sent to Zante with provisions, tents and medical supplies.

Denies Murder Charge.

New York, Jan. 26.—Joseph Roberts, the negro whose finger prints on a stolen cigarette case was instrumental in bringing him to trial for the murder of Isaac Vogel, a jewelry peddler, denied in general sessions that he had killed Vogel and accused of the murder Asher Schap, the supervisor of the building at 125 Canal street, where Vogel's body was found on Dec. 6 last.

She Was in Too Big a Hurry.

Mt. Vernon, Ill., Jan. 26.—Because Ida Dodson married in St. Louis just after she was divorced from James Dodson in the circuit court here, Judge Green vacated the decree. The reason given was that the contracting parties knew the Illinois law.

BALD HEADS NOT WANTED.

Baldness Is too Generally Considered a Sign of Advanced Age.

A bald-headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have established an age limit, and refuse to take men over 35 years of age as new employees.

Probably 65 per cent of bald-headed people may regain a good head of healthy hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any head, unless the roots of the hair are entirely dead, their follicles closed, and the scalp has become glazed and shiny. We want people to try this remedy at our risk, with the distinct understanding that unless it does exactly what we claim it will, and gives satisfaction in every respect, we shall make no charge for the remedy used during the trial.

We know exactly what we are talking about, and with this offer back of our statements no one should scoff, doubt our word, or hesitate to put our remedy to an actual test.

We want every one in Seymour who is suffering from any scalp or hair trouble, dandruff, falling hair, or baldness to try our Rexall "93" Hair Tonic. We want them to use it regularly—say until three bottles have been used—and if it does not eradicate dandruff, cleanse and refresh the scalp, tighten the hair in its roots, and grow new hair, we will return every cent paid us for the remedy for the mere asking. There is no formality expected, and we exact no obligation from the user whatever.

We are established right here in Seymour, and make this offer with a full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not dare to make the above offer unless we were positively certain that we could substantiate it in every particular. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store. The Andrews Drug Co.

IN SICKNESS AND HEALTH.

Vinol Has Kept Her Strong and Active for Years.

It is a positive fact that their strength can be greatly renewed and years of comfort added to their lives by the use of our delicious cod liver and iron remedy without oil, Vinol.

Mrs. Francis Naumann of Milwaukee, Wis., says: "I have been using Vinol for the last seven years and I believe it to be one of the greatest strength givers ever known. I am 68 years old and Vinol has helped me in sickness and health. I always have it in the house and can recommend it to everybody most heartily."

The KITCHEN CABINET

LEFT-OVERS OF ALL KINDS.

There are many people who have a strong objection to have anything served to them that has appeared on the table before. Anything hashed or reheated seems especially objectionable. All housekeepers who have to count the pennies in their household expenses have to use up the remnants, and the manner of so doing marks them as artists or otherwise. Often a dish may be made over and be more tasty and attractive than it was on its first appearance.

A few tablespoonfuls of canned or preserved fruit, too little to be used on the table, may be combined with orange or lemon, molded by adding gelatine and served as a dessert or a salad. Such a dish may be made especially dainty with a little care, and the expense is scarcely nothing.

A pint of boiled custard left over from yesterday's dinner, a saucerful of canned pears, an equal quantity of other fruit and a half cup of cream, sweetened and flavored, more if necessary, may be frozen into a delicious dessert.

Many such combination will suggest themselves to the thinking, saving woman. Scraps left from frying out fat, if put through the meat grinder, may be added to cornmeal mush, and when cold cut in slices and fried. This is scrapple, and makes a highly nutritious dish.

Mince meat is a splendid receptacle for saving little bits of preserves, orange marmalade and such fruits, added to the mince meat, they make a vast improvement.

Oatmeal, rice and farina when added to griddle cakes and gems or muffins are always an improvement on the plain dish.

Pieces of beef steak cut in small pieces and onion added, with water, make an acceptable stew, which may be pieced out with dumplings and be sufficient for the main dish of a meal.

It is the wise housewife who watches for the little wastes, and is able to make good things out of food that others throw away.

GIVEN JAIL SENTENCE

An Engine Hostler Was Cause of Wreck.

As a sequel of the wreck of Baltimore and Ohio Southwestern passenger train 4 near Breeze, Ill., last November, in which Charles Guth, a well known Baltimore & Ohio Southwestern engineer of Washington, was painfully injured, Charles Olds, the railroad engine hostler, who was held to have been responsible for the wreck, was sentenced to four months in jail at Carlyle, Ill., Wednesday.

Olds had charge of a switch engine. He accidentally opened the throttle and the engine shot out on the track. He could not reverse it, so he abandoned it and the wreck followed, passenger engine 4, with Engineer Guth at the throttle, crashing into the engine, standing on the main track. Olds, it is reported, was intoxicated at the time. He was arrested the same day of the wreck and has been in jail ever since. The grand jury indicted him for criminal carelessness and he pleaded guilty.—Washington Herald.

REPUBLICAN GATHERING

At Editorial Association Banquet at Indianapolis.

The annual banquet of the Indiana Republican Editorial association, which was held at the Claypool in Indianapolis Thursday evening, was attended by about 500 newspaper men and their wives and prominent Republican workers from practically every county in the state. Aside from the social features of the occasion it was a political event of importance. Senator Norris Brown of Nebraska who was recognized as practically a representative of the present administration spoke and his speech was in the nature of a keynote. It was an excellent address, and had in it the spirit of harmony while nevertheless standing squarely by the president and his administration. Senator Brown reviewed the achievements of the party, dwelt upon the splendid work of both the Roosevelt and Taft administrations. He spoke at length in regard to the latter pointing out the great things accomplished and praising his policies and the work marked out for the future. A significant part of his address was his statement that Roosevelt has stated that he is not a candidate against Taft and that the Republicans should not insult the ex-president by presuming that he is not honest in the statement. While in Indianapolis the speaker was the guest of his friend, Senator Beveridge who sat by him at the banquet. The mention of the ex-senator's name several times brought forth enthusiastic applause. Prior to the banquet there was much discussion of national politics and while it was generally admitted that Roosevelt is very popular in Indiana, it was the opinion of a majority that Taft ought to and will be renominated. It was expected that the editors would today pass resolutions in favor of the latter.

If He Should Lose.

The Indianapolis News' Washington correspondent in discussing the question of the effect on his party of the defeat of President Taft for renomination points out that the candidacy of other Republicans for the nomination is simply opposition to the Taft administration and its accomplishments and policies. The writer says among other things:

No one has ever asserted that the Taft administration is without policies. It is to be supposed that the administration policies are generally speaking, approved by the President's party. The large things for which the Taft administration has stood may be enumerated as follows:

1. Reciprocity between the United States and the Dominion of Canada.

2. General arbitration treaties between the United States and the great powers of the earth under which peaceable settlements of international disputes may be obtained.

3. A downward revision of the tariff, based on information gathered by scientifically constructed tariff board or commission.

4. The enforcement of the anti-trust law without fear or favor, and likewise an enforcement of the interstate commerce law; also legislation under which corporations doing an interstate commerce business may be permitted to take out federal articles of incorporation.

5. Banking and currency legislation.

6. The introduction of economical methods in the administration of the public business.

7. The enactment of laws under which the vast areas of the public domain now withdrawn from entry by settlers may be developed; the establishment of leasing system under which the natural resources on the public domain both in the United States proper and Alaska may be developed.

8. The building up a high-grade federal judiciary.

9. The extension of the civil service law so to make it impossible for the postoffice department longer to be

conducted as a political machine.

Republicans who want to see their party go into the coming campaign in the best condition possible are beginning seriously to ask what the malcontents in the party who are now engaged in trying to organize various anti-Taft movements propose to offer in place of the policies for which President Taft stands. The party leaders are coming to realize that they can not separate Mr. Taft from his policies; that they can not deny him a renomination without going back on the policies for which his administration has stood since March 4, 1909.

Women Superintendents.

The Omaha Bee has the following interesting bit of information: Forty-four women hold the important office of county superintendent of schools in the state of Nebraska, thus enjoying what was long considered the special privilege of men as to office-holding in the great field where the public schools exercise their influence. These women office-holders draw salaries ranging from \$1,000 to \$1,800 a year, the latter amounts being drawn by Superintendents Jessie B. Prytle, of Gage county, and Mrs. E. B. O. Williams, of Saunders county. Superintendent Mary E. Foster, of Cass, and Abbie M. Newberry, of Knox draw \$1,600 a year, while eight others draw \$1,400 a year, and fifteen get \$1,300. Eight are paid a per diem of not less than \$5 for all time actually given to the work in the sparsely settled counties. That these women are successfully discharging the duties devolving on a county superintendent is proven by the fact that many of them have been re-elected from two to four times by the voters.

HOW TO JUDGE A CARPENTER

If you want to engage a carpenter to do some good work for you, don't ask him any questions about his ability as a workman. Just ask him to let you see his tools.

You can judge a carpenter by his tools. Good carpenters have good tools. They are proud of them. Look at his chisels, for instance; they are his special pets.

DRASTIC PIECE OF LEGISLATION

Corrupt Practices Act Leaves No
Loophole for Crooks.

PUTS THE SIGN ON" GRAFTERS

Attorney General Honan's Digest of
New Law Declares Act is Most
Drastic Piece of Legislation State of
Indiana Ever Enacted—If It is Properly
Enforced Honest Campaigns
Will Be Necessary.

Indianapolis, Jan. 26.—Thos. M. Honan, attorney general, said as he completed his preparation of "copy" for a pamphlet to be issued on the new corrupt practices act and turned it over to be published by the governor for distribution among the political committees, candidates and voters:

"It strikes me that the corrupt practices act is the most drastic piece of legislation the state of Indiana ever enacted. If it is properly enforced, there can be no legal use of money in a campaign without there being evidence somewhere on which prosecution can be based. The prosecution, of course, depends on the interest in the community and the zeal and honesty of the prosecuting attorney, but the act certainly gives the citizen plenty of machinery for compelling honesty in the campaign as far as the expenditure of money is concerned. I don't know where the legislature got the plan of the act, or who drew it, and I don't know if many of the assemblymen knew just how drastic they were making the law, but in the language of the act, they certainly 'put the sign on' the fellow who may wish to use campaign contributions for other than legitimate campaign expenses, and they expressly define such expenses.

GO TO THE RESCUE.

Don't Wait Till It's Too Late—Follow
low the Example of a Seymour
Citizen.

Rescue the aching back.
It keeps on aching, trouble comes.
Backache is kidney ache.
If you neglect the kidneys' warning,
Look out for urinary trouble.
This Seymour citizen will show you
how to go to the rescue.
Mrs. D. B. Henderson, 523 Indianapolis Ave., Seymour, Ind. says: "I do not know what I would have done had it not been for Doan's Kidney Pills. My back pained me all the time and there was an extreme lameness through my loins and kidneys that inconvenienced me greatly. I also had pains in my head. Seeing Doan's Kidney Pills advertised, I procured a supply and the use of four boxes not only removed the pain and lameness, but also restored my strength and energy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Will Be His Own Detective.

South Bend, Ind., Jan. 26.—When his store was entered by thieves and a quantity of merchandise stolen, M. M. Dumont refused to accept help from the police. He said he could find the robbers himself.

Grief Led to Suicide.

Greencastle, Ind., Jan. 26.—Despondent over the death of her two sisters, Mrs. Doe Hall committed suicide by hanging herself to a tree limb in her yard. She was found by neighbors.

The Deadly Gasoline.

Princeton, Ind., Jan. 26.—Martha Hendricks, aged eighteen, is dead as the result of burns received by the ignition of stove polish which she had thinned with gasoline.

SPECIAL NOTICE.

The first installment of Taxes must be paid on or before the FIRST MONDAY in MAY, otherwise the whole tax will be delinquent and subject to penalties. Particular attention is called to the fact that spring payments, having been extended to the first Monday in May, gives the treasurer less time to make settlements, and it will be to the interest of the taxpayers to be as prompt as possible in paying the same. The second installment must be paid on or before the FIRST MONDAY in NOVEMBER following. Road receipts must be presented on or before the FIRST MONDAY in MAY, 1912. They will not be taken on second installment of taxes.

Call on Auditor for irregularities in Taxes or for reductions to be made. Treasurer cannot make such reductions.

County orders cannot be paid to anyone owing delinquent taxes, and all persons are hereby warned against purchasing such order.

The annual sale of delinquent lands and lots will take place on the second Monday in February, 1912, at 10 o'clock, a. m.

Persons desiring statement of their taxes must make their request at least ten days before the last day as we cannot stop to send statements during the last days of collection.

Parties having complications please come before the rush incident to the last days of Taxpaying.

The Treasurer is guided by the Statutes of Indiana, from which there is no relief. Do not ask him to violate his oath. Taxes unpaid after the first Mondays in May and November are subject to the 10 per cent penalty. We intend to follow the law in each and every case. If taxpayers would avoid the penalty prescribed by law, payment must be made not later than Monday, May 6th, and November 4th, 1912. Remittance post marked Monday, May 6th, and November 4th, and reaching this office next day will be accepted.

Persons owing delinquent taxes should pay them at once. The late law is of such a character that there is no option left the Treasurer but to enforce the collection of delinquent taxes, however much he may regret to collect the same, by sale of property. Nothing is exempt from taxes.

HENRY PRICE,

Treasurer of Jackson County.

Brownstown, Indiana, January 1st, 1912.

SPECIAL NOTICE.

Parties having school fund loan on which interest is delinquent will please give payment of said interest their attention before the first day of March, 1912, as the law compels the prompt collection of said interest.

KIDNEY TROUBLE OVERCOME BY THE GREAT TREATMENT.

I have been a sufferer for years with kidney and bladder trouble and took almost everything a drug store contained without obtaining any benefit.

I suffered so that I became utterly discouraged, as I could not sleep, was always dizzy and had a headache all the time. I saw one of your advertisements and as a last resort, decided to try your Swamp-Root. I am now taking the third bottle and feel like a new woman, sleep well and have no pains whatever.

Put a Classified Advertisement to Any Reasonable Test

It need not be a usual or a simple test—just a reasonable one. For example: If you want to sell or rent your property, the task of helping you find a customer is a Classified Ad. task, a "usual" sort of Classified service. But it would be unreasonable to expect that one insertion of your ad. would accomplish it; or, that the task could be accomplished at all unless your price and other conditions were reasonable. Rational use of the Classified Ads., with reasonable persistence, will accomplish things for you which you couldn't accomplish at all in any other way.

Quite a few people wonder why we remind them so often of the many uses which can be made of the Classified Column. The reason is very simple. There is no way to dispose of what you have for sale, to rent your property, to find the lost, or to get help when you need it, without telling people about it. In these modern days the Classified Column has become the leading medium for doing this.

A few of the many results obtained by using Republican Classified Ads.

LOST—Black fur mitten vicinity of Carter and Brown streets. Return to this office.

You will be surprised to see how honest people are if you will give them an opportunity.

The first and only time this Ad appeared the property was returned.

The lost will be found through the "Classified Columns."

WILL TRADE—Five passenger Maxwell automobile, four new tires, in good running order, for good, gentle driving horse and small cash difference. Inquire here.

Anything from a knife to an automobile may be sold or exchanged through the Republican Classified Columns. A deal was made for the above machine after the advertisement was run three times. Classified Advertising brings satisfactory results.

LOST—Small gold purse containing 20 cents and gold thimble marked "R." Reward. Return here.

About 7 o'clock of the day the above property was lost a gentleman returned it to this office. The cost to the owner was but fifteen cents. We consider this a good investment. If you lose anything, don't give up until you have tried a Republican Classified Ad.

FOR SALE—Kiefer pears at my orchard, three and a half miles southwest of Cortland. Will deliver pears if orders enough for a wagon load are received. Telephone calls to Frank Rhodes, Cortland Exchange, will receive attention, or call at orchard. Preston VanCleave.

Mr. VanCleave stated that the above advertisement brought people from all parts of the county to his orchard. He was especially pleased with the experience of using the Republican Classified Columns as his Salesman.

FOR RENT—The Stanfield residence, corner Fifth and Chestnut streets, seven rooms and bath. See N. M. Carlson.

One appearance of the above classified advertisement secured a good tenant. We recommend the classified column.

FOR SALE—Hard coal stove cheap. Frank Teckemeyer.

Several persons inquired about the above stove after it had been sold. One insertion in the Want Ad columns of the Republican sold it.

Sunday School Lesson

PRESENTATION IN THE TEMPLE

LESSON:—Luke. 2: 22-39.

GOLDEN TEXT:—For mine eyes have seen thy salvation, which thou hast prepared before the face of all people.—Luke 2: 20, 31.

Being made under the law to redeem them that were under the law. He was duly circumcised according to the law and called as commanded by Gabriel when he appeared to Mary with the great announcement (Gal. iv. 4, 5; Luke i. 31). He came to fulfill the law, to fulfill all righteousness, that He might become our righteousness (Matt. iii. 15; v. 17; II Cor. v. 21). Note the extreme poverty of Mary, as indicated by the offering she brought. Though her hand found not sufficiency of a lamb (Lev. xii. 8, margin), yet God used her to provide His Lamb, without blemish and without spot, to fulfill all types and to provide eternal redemption by His great sacrifice of Himself (I Pet. i. 19, 20; Heb. ix. 12-14). The great purpose of God is so far beyond our comprehension, His ways and thoughts so much higher than ours, that even though we know the facts, or some of them, the reach of them, from eternity to eternity, is too high for us (Ps. xc. 2). What an unspeakable honor to belong to Him, to be part of Him and a joint heir with Him of His kingdom and glory.

Some of the things written of Simeon are true of every redeemed one, for all true believers are just or right-

eous and have the Holy Spirit. All should be devout, Spirit taught and guided and waiting for the coming of the Lord. "The words "just, devout, waiting," describe the threefold salvation of every believer as set forth in I Thess. i. 9, 10; Tit. ii. 11-13, and elsewhere. By the precious blood of Christ we are now saved, and by His Spirit we should ever live devoutly and love His appearing. His title, "the consolation of Israel" (verse 25), reminds us of Isa. lxvi. 13; Zeph. iii. 14, 15; Zech. ii. 10-12, and we think also of another title, "the hope of Israel" (Jer. xiv. 8; xvii. 13; Acts. xxviii. 20), but this carries us beyond our threefold salvation to the next step in God's plan, our return with Christ in His glory for the redemption of Israel and the establishment of His kingdom. In verses 25-27 of our lesson we see the Spirit upon Simeon, the Spirit teaching him and guiding him to the temple at the right time to find the child. It is our privilege to be thus Spirit taught and led. May we know the reality.

This aged saint, holding the child in his arms, looking fondly and reverently upon Him, while Joseph and Mary stood listening to his wonderful words

and marveling at them, is indeed a beautiful picture. Listen to him as he desires now to depart, having seen with his own eyes and actually embraced the Lord's anointed. To him this child was the fulfillment of prophecy, but with prophetic vision he saw a time of trouble before the coming of the kingdom. Think upon his words as he held the child, "Mine eyes have seen thy salvation." Jacob said, "I have waited for Thy salvation, O Lord" (Gen. xlix. 18). Moses and David and Isaiah sang, "The Lord is become my salvation" (Ex. xv. 2; Ps. cxviii. 14; Isa. xli. 2). Every true believer can say the same and rejoice in the words of this same child when grown to manhood, "Blessed are they that have not seen and yet have believed." "Thy salvation which thou hast prepared" (verses 30, 31): It is of the Lord, wholly and only; He who said, "I am the Lord, that maketh all things, that stretcheth forth the heavens alone, that spreadeth abroad the earth by Myself." He is the author and finisher of it (Isa. xli. 24; Heb. xii. 2). It will in due time fill the earth, for all flesh shall see the salvation of God (chapter iii. 6). Compare Isa. xl. 5; xlix. 6; iii. 10. He is in this present age a light to lighten the gentiles, and when by the light His body, the church, shall have been gathered from all nations then shall He return as the glory of Israel, and all nations shall be fully enlightened by Him through Israel (Isa. ix. 1-3). There is neither light nor glory apart from Him. All else is darkness, under the ruler of the darkness of this world (Eph. v. 8; vi. 12). But if the light has shone in our hearts it is in order that we may turn others from darkness to

light and from the power of Satan unto God (II Cor. iv. 6; Acts xxvi. 18). Individual salvation is only and wholly by Him who came from Judah, who died for us and rose again, and the salvation of the nations will be through the nation of which He will be the King, for "salvation is of the Jews" (John iv. 22), whether individual or national. How perplexing the words, except in the light of prophecy, concerning the fall and rising again of many and the sign to be spoken against, but when we remember His death and resurrection as predicted in Ps. xxii. Isa. liii and many of the types and His coming in glory to set up His kingdom all is more clear. That which Mary had to bear from misunderstandings by others who would not believe the supernatural about the birth of this child and the agony of her soul at Golgotha helps us to understand the sword through her own soul (verses 34, 35). The great question, "What think ye of Christ?" is still the text which reveals the thoughts of all hearts. The aged widow, Anna, was evidently led by the Spirit to enter the temple at the right instant to hear these words.

THE LESSON QUIZ.

Jan. 28th, 1912.

(Copyright, 1910, by Rev. T. S. Linscott, D.D.)

The Presentation in the Temple. Luke ii: 22-39.

Golden Text—For mine eyes have seen thy salvation, which thou hast prepared before the face of all people. Luke ii: 30-31.

(1.) Verses 22-24—What was the law of Moses, in the matter of purification, for the mother of a male child?

(2.) What practical purpose did all this ceremony serve?

(3.) Why would it not be a good thing if all children were formally presented to the Lord in the church, in these days?

(4.) Why would Jesus not have submitted to all this form and ceremony, if he had at this time been of mature judgment?

(5.) Verse 25—Are there degrees of holiness in truly good men, and if so, how would you classify them?

(6.) Of which of the real children of God cannot it be said, "and the Holy Ghost was upon him"?

(7.) How would you describe the character of Simeon?

(8.) Verse 26—Do any good people today have revelations, or premonitions, similar to this concerning future events?

(9.) If some good people like Simeon have revelations concerning the future, why may not all good people have them?

(10.) Verse 27—What is the difference when a good man goes to a place "by the Spirit," and when he goes and is only conscious of his own judgment directing him?

(11.) Verse 28—What benefit was it to Jesus for Simeon having taken him in his arms and "blessing God"?

(12.) Verse 29—Why should it be thought wrong for a man in full health, but in great trouble, to pray that he might die?

(13.) If it was right for Simeon to pray for God to let him depart this life, why is it wrong for any aged and infirm person to pray the same prayer?

(14.) If a man is not always ready to die, why is there reason to think he

is never ready?

(15.) Verses 30-32—What is the most glorious sight on the earth a Christian can see?

(16.) What effect did the sight of Jesus have upon Simeon, and what effect does it always have upon a penitent sinner?

(17.) What is to-day the greatest civilizing and spiritually uplifting influence in the world, and why do you think so?

(18.) Verses 33-35—Who are those that marvel most at the love and wisdom of Jesus; those who see Him for the first time, or those who have been acquainted with Him for a lifetime, and why is it so? (This is one of the questions that may be answered in writing by members of the club.)

THE MENNONITES ARE IN FOR COURT AIRING

George Lambert Takes Excep-
tions to Church Tribunal.

Elkhart, Ind., Jan. 26.—In superior court George H. Lambert has filed suit for \$10,000 damages against David Berkholder of Nappanee, Jacob Bixler of Wakarusa, and David Yoder of Olive township, all bishops in the Mennonite church. They conducted a church trial through which Lambert was expelled on Dec. 21.

The complaint outlines sixteen charges which were officially sustained by a vote of the congregation and which Lambert avers are false and libelous. They are: Unsatisfactory confession of lawsuit regarding an automobile; repeated marrying of outsiders; indulging in lawsuit regarding sewer; breaking a contract with one Holler; being disinterested in home life; engaging in improper conduct with opposite sex; unbecoming and filthy conversation; lack of charity toward needy; deliberate lying; refusal to pay church dues; using tobacco; visiting questionable houses; unbecoming conduct; teaching immoral and unscriptural doctrines; not communing at home, but with other congregations; dishonesty in business dealings.

Mr. Lambert is the father of Rose Lambert Messelman of Victoria, Tex., who before her marriage was a missionary at Hadjin, Asiatic Turkey, at the time of the outbreak of the Kurds against the Armenians in April, 1909, at which time Miss Lambert and the safety of the four other American and European missionaries with her was the subject of international alarm and negotiations. A sister, Nora Lambert, is now a missionary in the same field having returned to that territory in March, 1910, after a short furlough in America.

Mr. Lambert, twelve or fifteen years ago, was sent to India to distribute famine relief supplies bought by money raised by the Mennonite mission board of America.

Missing Gun Turret Found.

DANGER OF A CLASH BETWEEN FACTIONS

Bloodshed Is Looked for in
Streets of Belfast.

London, Jan. 26.—The danger of a clash in Belfast on Feb. 8, between the Ulster Unionists and the supporters of home rule on the occasion of the meeting at which Winston Churchill, first lord of the admiralty, John Redmond, the Irish Nationalist leader, and others are to speak, has been considerably lessened by the action of Mr. Churchill in writing a letter to the Marquis of Londonderry, chairman of the Belfast Unionist council, in which he agrees not to speak in Ulster hall, which has been the mecca of Orangemen for years, on the occasion referred to. The Orangemen have held all their great meetings in this particular hall, and they have declared for weeks past that it should not be profaned on the night in question by a home rule demonstration.

Mr. Churchill says, however, that he will speak in Belfast on that night, but in some other hall. He adds that if there should be any rioting on the occasion in question, the responsibility for it will rest on Lord Londonderry. Everything points to a tremendous assemblage of the two factions and serious trouble is anticipated. The action of Mr. Churchill has quieted these fears to some extent, though the likelihood of trouble and bloodshed still remains.

Audience Was Disappointed.

Baltimore, Jan. 26.—Margaret Anglin, who was to have appeared in the leading role of Henry Arthur Jones's new play, Lydia Gilmore, at its first production last evening at the Academy, is ill from nervous breakdown at her hotel. A large audience was assembling when the announcement was made.
